Can we change the date of some of the commitments that you've already made to save some money?

Ben,

Below is the cost for the additional services needed to put on the performances. It's quite a bit more than our \$400 budget. If we eliminate the stage it's still \$400.

I think we need to re-group on the expenses.

Thank you.

Good morning Lorena,

I met with Manny and went over the plans for the first a third Thursday's events. Following are the items we will provide at each event.

Package includes :

Audio (speakers, mic package with stands, monitors, mixing console) sound technician , Stage (12'x 16') , Back line (drum set, bass rig, guitar amp), Lights, technical coordination.

\$2,500.

Because if liability issues I don't recommend setting up a stage and leaving it there. I hope this works with your budget as it is a very competitive deal.

Marco
